Product Name :
Micro Mist Aerosol Generator

Product Code :
SAMCOMEDICAL5006A014

Description :

Micro Mist Aerosol Generator

Technical Specification :

Aerosol generators to generate droplet size in sub-microns that ensures 100% efficacy. An autoclavable tank covers up to 5000 cubic feet volume in a single fill. The generators are fitted with UL & CE approved imported motors & timer-switch that cuts-off precisely at the pre-set volume of liquid charged. This facilitates unattended operation.
